

If You Think You Know How To Love Me

Smokie

1. Breathless drive on a downtown street
Motorbike ride in the midday heat
Dust and harm from the desert skies
run oh we'd run it still burned our eyes
2. Oh yes we may walk on the wild wild side of life
And our movements trace lay a stranger close by your side
The shadows of the promise you can take my hand
Show me the way to understand

R: So if you think you know how to love me
And you think you know what I mean
And if you really, really want me to stay
You've got to leave the way
Yes if you think you know how to love me
And you think you can stand by me
And if you really, really want me to stay
You've got to leave the way

oh oh oh mmh mmh

3. Reckless night in a nameless town
Then we moved the other side in a silent sound
Beached and wept with desert waves
That's where we slept, knowing we'd been save
4. Now you may think you can walk on the wild wild side with me
There's a lot I can learn and a lot that I yearn to see
Now you've got my life, lying in your hands
So it's up to you to make me understand

R:
