

## In The Middle Of A Lonely Dream

Smokie

Can you be so sure of love?  
Can you stop my heart from breaking  
And save my tears from falling down?  
Can you be so sure, my love?  
You stop my heart from beating  
You can make my whole world turn around

Can you be so sure of love?  
Can you stop my heart from breaking  
And save my tears from falling down?  
Can you be so sure, my love?  
You stop my heart from beating  
You can make my whole world turn around  
In the middle of a lonely dream

I'm begging you to stay  
I'm on my knees  
But you turn and walk away  
You don't hear me calling out for you  
You're out of reach, there's just no getting through  
I know, you're so mixed up inside  
Don't go, baby stay with me tonight - tell me -

Can you be so sure of love?..

I'm just a step behind  
If I could catch you I would make things right  
Tell me all this hasn't been in vain  
I wake at night, find I'm calling out your name  
Baby, what does all this mean?  
Wake me, from this crazy dream - darling -

In a dream I catch a falling star  
Take a look inside to see your beating heart  
Just to watch it fade away

Can you be so sure of love?..
