

# Number On My Wall

Smokie

I've got your number on my wall  
If that's alright  
And I need someone to call  
I'm feeling lonely tonight  
Tonight.

You were standing by yourself  
In a fancy dress  
And you were looking out for long  
With no one to impress  
I guess.

Well there ain't no doubt about it  
When you're gone away from home  
And the only one's who know it have all gone  
If you wanna know the truth my friend  
I'm on fire  
Got your number on my wall.

A mistake of other taste and tasty too  
When I needed an embrace  
Oh, where were you  
Where were you.

Well you said give me a call  
But I didn't possess  
But I'm looking on my wall cos' I can't resist  
Can't resist.

Well there ain't no doubt about it  
When you're sitting on your own  
When the only friends you needed have all gone  
When the feeling takes you over  
You're on fire  
Got your number on my wall.

I've got your number on my wall  
If that's alright  
And I need someone to call  
I'm feeling lonely tonight  
Tonight.

You were standing by yourself  
In a fancy dress  
And you were looking out for long  
With no one to impress

Well there ain't no doubt about it

And the only one's who know it have all gone

Got your number on my wall.

Got your number on my wall  
Got your number on my wall

Got your number on my wall.
