

## Second Choice

Smokie

I need you, but I know that you fool around  
You're the best thing that I have and it's breaking me 'cause it's breaking down  
Well I loved you before, and you can be sure, it's a hell of a place to be  
And you said to me that I won't get another chance  
Well you loved me once, and I loved you twice and you never listen to my voice  
If you're strong enough, then you'll never be the second choice

It's daybreak the sun is rising across the hill  
And I'm so afraid to wake just in case you might not be laying there still  
Well I told you last night that I'll get it right, as a lover I'll be on my knees  
And you said to me that I won't get another chance  
Well you loved me once, but I loved you twice, and you never listen to my voice  
If you're strong enough, then you'll never be the second choice

He's crying, she's lying  
Hearts aching, souls breaking  
Will this be his lucky day  
Over and over  
Her head on his shoulder  
Hold on, hold on, hold on, hold on

I need you and I knew that you would let me down  
You're the best thing that I have and it's breaking me 'cause it's broken down  
Well I told you last night that I'll get it right, as a lover I'll be on my knees  
And you said to me that I won't get another chance  
Well you loved me once, but I loved you twice, and you never listen to my voice  
If you're strong enough, then you'll never be the second choice
