

## Take Me In

Smokie

Don't want no money, don't want no blues  
Don't want no monea no, all I want is you, Take me in  
Don't want your honey now (no honey now)  
Don't want your speed (no speed)  
Your satisfaction (satisfaction)  
Is all I need  
Take me in, take me in, take me in,  
Take me in, take take, take me in,  
I can't wait no longer, the time is now  
Can you feel me real warm, let me come inside  
Take me in, take me in, take me in  
Take me in, take take, take me in  
Lovely lover love laying, right next to yu  
I get a burning sensation, thrills me through and through  
Take me in, take me in, take me in, take me in.  
Don't want no money, don't want no blues  
Don't want no money no, all I want is you  
Take me in, Take me in, take me in, take me in,  
Take me in, take me in, take me in,  
Oh, take me in, Oh woman I gotta come inside  
Oh, take me in, hear my cry baby  
Oh, gotta make you baby, gotta feel you warm,  
Won't you take me in, take me in
