

## Tell Me Why

Smokie

I don't understand this  
I don't really care  
You know I didn't plan this  
You know I wouldn't dare  
Tell me I'm the man  
Who brings the woman out in you  
There's no other one  
Who thrill me like you do  
Tell me why you love me like you do  
I can't understand or comprehend  
this thrill when I'm with you  
your my fantasy What you do to me  
I know your heart is true  
Tell me why you love me like you do  
so don't misunderstand me  
In you I have no doubt  
Try to make this man see  
How to work things out  
cos babe I wanna give you  
All you give to me  
Make our hearts as one  
For all eternity  
Tell me why you love me like you do...  
You gave me all the love and  
Kindness that a man could need  
You pick me up and spin my head  
there are no words for how I fell  
Tell me why you love me like you do...  
Tell me why you love me like you do...
