

## Umbrella Day

Smokie

We were walking, we were barely talking  
It was late '63  
Clouds were overloaded, and when they exploded  
You said to me  
Oh, oh, oh, look at the rain  
Oh, oh, oh, umbrella day, throw it away  
Out together it was stormy weather  
We were soaked to the skin  
Thunder crashing, we wee puddle splashing  
and we started to sing  
Oh, oh, oh, look at the rain  
Oh, oh, oh, umbrella day, throw it away  
Now look my way and see, just how wonderful  
Rain can be, loving you loving me  
It's going round, tound, round  
Down, down and down  
Round round and round, down, down and down  
we were calling at the water falling  
As I fell to the ground  
You and I, we really blessed the sky  
Oh, for this new love we've found  
Oh, oh, oh look at the rain  
Oh, oh, oh, umbrella day  
Oh, oh, oh , look at the rain  
Oh, oh, oh, umbrella day  
It's going round, round and round  
Down, down and down  
Round, round, and round, down down and down
