

# When The Lightning Strikes

Smokie

It's close to midnight  
There's a chill in the air  
I long to touch you  
but I don't dare  
there's a wall between us  
there's a storm in the air  
though you're lying beside me  
It's like you're not even there  
When the lightning strikes  
I don't want to be here  
when the cold wind bites  
I don't want to be here  
Ooh it hurts me  
though we won't be talking  
I hear every word you say  
Now the rain is falling  
Like a million tears  
Coming through my window  
To wash away the years  
When the lightning strikes...  
Oh can you feel it  
there's a storm in the air  
and it's getting nearer  
when the cloud breaks  
I don't want to be here  
to feel the rain  
feel the pain  
There's a wall between us  
There's a storm in the air  
though you're lying beside me  
It's like you're not even there  
When the lightning strikes  
Oh can you feel it  
there's a storm in the air  
And it's getting nearer  
when the cloud breaks  
I don't want to be here  
to feel the rain  
When the lightning strikes...  
When the lightning strikes...
