

# You Spoke To Me

Smoking Popes

I was at the lowest point of my life  
I couldn't talk to anyone  
Truly alone  
There's no telling what I might have done  
If it hadn't been for you  
You pulled me through

I don't know if you actually saved my life  
But you changed it that's for sure, yeah  
You spoke to me, yeah  
You spoke to me, yeah

I drove all the way from Carpentersville  
To see you here tonight  
And it was worth it  
You didn't play my favorite song  
But that's all right  
I love the new stuff too  
I'm just glad I got to see you
