

# I Heart Burgers

Smosh

Throw my burger in the air  
And I drink some of your soda  
Then I do a little bit of hopscotch  
And bust out the Macarena  
Then I train my dog to sit  
And then I train my mom to sit  
Knit a sweater to impress the girls  
But I'm not very good at knitting  
That was the most embarrassing thing I've ever done,  
But the girls taking pictures, thought that it was fun  
I was running away and I tripped on my pants,  
But I saved myself with the cool breakdance!

Now it's time to eat my burger  
And enjoy it's awesome taste.  
I'm gonna open my mouth super wide  
And catch it with my face.
