

# Remember Me

Snak the Ripper

(Hook: Snak)

When I'm deep under the ground and you turn around and walk away  
I'm alive inside your memory  
Don't think about the past stay focused on today  
So I can see whats right ahead of me  
Another face in the crowd, I'd just like too say  
Thats just some shit that I will never be  
Trying to live forever, I just hope one day  
That somebody will remember me

(Verse 1: Snak)

Sometimes I wonder what my life would be like  
If I never seen the dark would I be hungry for light?  
If I chose to take another left, instead of a right  
Never took another breath, would I be dead in the night?  
If I never found music who the fuck would I be?  
Another shadow stuck in street with nothing to eat  
Struggling to find a couple bucks and somewhere to sleep  
In the storm ducking debris, but lucky for me  
I made an escape, my faith became clear  
Like your face in the mirror  
My time is short so I ain't wasting it here  
I ain't scared of nothing, no  
I ain't shaking in fear  
Ain't waiting for a change  
I'm just trying to make it appear  
You know?  
Don't dwell on mistakes of the things I did wrong  
What doesn't kill you, makes you strong  
The storm becomes calm  
My formula for living long is giving you another song  
So a part of me lives on  
Even after i'm gone  
Now come on!

(Verse 2: Snak)

Yo every day that i'm alive i'm getting closer to death  
So I don't expect shit from nobody, ain't holding my breath  
Ain't got no other options homie this is all I got left  
So i'mma do it til i'm dead, until i'm old and i'm deaf  
Until my ashes blowin' in the wind  
I'm goin' for the win  
Ain't nothing standing in my way  
Ain't nothing slowing me again  
Is this the end or the start  
I can't tell it apart  
But whoever you are

Just know this shit was sent from my heart  
The plot about to thicken homie  
You just got to stop and listen  
Every verse I drop, i'm kicking  
Knowing that my clock is ticking  
When my time is up, It's all good  
I did what I came to do  
What makes sense too me  
Might seem a little strange to you  
I hope my family forgive me  
Cause I let it get tough  
I hope they know I love them  
Cause I never said it enough  
My formula for living long is giving you another song  
So a part of me lives on  
Even after i'm gone  
Now come on!
