

You And Your Friend

Snake River Conspiracy

In my dreams, I can see us in a tight embrace
Doin' all the things that we never really did
I think I'm in love with you

Must we go run through our lives with our eyes closed
To the loving happiness that we can share
I think I'm in love with you and your friend

Honest I do, I can't see you and me and her without each other
And I hope you feel the same way too (you and me and her)

I spend all my time on the telephone line
Tryin' to say it just right this time
Something that could change your mind
I know this is love and here before
Though I whisper somethin so sincere
Vaguely what you want to hear

Now you know the things that I say when I'm swimming
Through the flood of all my desire can be so unclear
But I know I'm in love with you

In my dreams I still see us in a tight embrace
In spite of all the things that people say when they stare
that's how I know I'm in love with you and your friend

Honest I do, I can't see you and me and her without each other
And I hope you feel the same way too
I think i'm in love with you

I spend all my time on the telephone line
Tryin' to say it just right this time
Something that could change your mind

I know this is love and the feeling fair
Though I whisper somethin so sincere
Exactly what you want to hear

Honest I do, I can't see you and me and her without each other
And I hope you feel the same way too

I think I'm in love with you (you and me and her)
I hope you feel the same way too
I think I'm in love with you (you and me and her)
I hope you feel the same way too
I hope that you can feel the same way too
