## **Destroying Angel**

**Sneaker Pimps** 

I know you know my head's not in this now Nothing you could keep so keep me down Like the stones beneath the water that you walk on To be taller And the hands you stuck together when you prayed You'd wait forever Just another fragile angel heart Falling down on lead wings torn apart

And words beneath my skin The ink that you put in Destroying all the things you've left around Earthbound's coming down, come down, come down Come round

So what you have the nerve to call a friend Is starved of all the sense to make amends Cause I'm the glass you break to touch But you never want me much Like the view across the water from your shoes Two feet smaller I know it doesn't pay to be this hurt Falling off the morning getting worse

And words beneath my skin The ink that you put in Destroying all the things you've left around Earthbound's coming down, come down, come down Come round

Cause I'm down I'm down (2x) Yes I'm down Help me, I'm down Tell me, I'm down I'm down
