

## Small Town Witch

Sneaker Pimps

(Small town witch come to mess me up.. yeah)

See black, see bloom  
Died on an impulse over you  
Caught like a corpse crawling round a dream and loving you  
And she hangs on youth  
Crushing any feet to fit the shoes  
Stepping it out with a size 12 mouth and cursing you

Small town witch come to mess me up  
Small town witch come to mess me up  
Small town witch come to mess me up again

She whored, she graced  
Bitching with the bottle, saving face  
Blowing it out as the jury's doubt is laid to waste  
See black, see bloom  
Choked up on a heartburn, bleeding through  
How does it feel now the ones that feed are biting you

Small town witch come to mess me up  
Small town witch come to mess me up  
Small town witch come to mess me up again
