

# Bang Out

Snoop Dogg

Bang out, til the sun comes up  
The wheels fall off in the parking lot  
Cause I bang out, keep my glock in hand  
While you posted up, chillin' wit cha mans  
Bang out, won't catch me sleepin  
While you in the club, rollin' out the keys  
Cause I bang out, shots go off quick  
Catch yo' ass buck naked while you wit ya bitch  
Cause I bang out

I toss up the set  
I walk up in this bitch with some gold on my neck  
Yeah nigga, I controlling the set, rock and rollin' the bitch  
Then grab a hold of my dick, I pop a hole in ya click  
See you don't wanna fuck with this  
One nigga found on the ground, we don't fuck around  
D-O-double G pound, L-B-C style

Victory is mine, and I'm gonna shine  
Ain't no need to try, can't stop my grind  
Keep my pen in hand, going line from line  
If you didn't know just press rewind, Victory is mine

Yup, we fully wooded,

With patch on the back that says, "Steelers"  
Bang out!  
A lot niggas wanna do us but they can't  
Cause it's hard to get wit us  
Watch out for them sliders, boy we riders  
Heavy hitters, Eastsidaz, yeah (Bang out!)  
We shoot first, talk later  
Nigga, yaw paid her, doggy-dog sprayed her  
Then I slid away, smooth little get-away  
Did it wit a chill of that, (sniff, sniff)  
I gonna need a hit a day  
I live my life like I was John F. Kenne-day

Twenty Crip, all day
