"Black folks can't never have no fun!"

These streets beeeee walking down the avenue  
(Crazy!) From Hollywood to South Central!

Have a look outside and take a stroll with me  
California lifestyle, you wanna roll with me?  
I can take you in and out and where it's gonna be  
Now as crazy as it is, you know this home for me  
I wouldn't never leave it, you know that's wrong of me  
I'ma stay down, you see me on them corners G  
At your local liquor store, getting some optimums  
And if I'm out of bounds then I gotta cock the fo'  
Keep it on the low on the W-W-W-West coast  
Sign some autographs and then I do get ghost  
A-humph.. yeah, I love my folks  
But half of y'all fools is cutthroats  
On the real no.. the streets'll have you  
Guide you, lead you, mislead you, it's fragile  
Yeah, see you gradually grow  
and when you walking on my side I think you all need to know...

Fuck the law we don't get caught we just do-da-da  
Yeah nigga we shaking the cops  
You niggas out there just be making it hot  
But don't trip if you faking a lot
