Time will pass me by if I don't graduate this time so I expand my mind

Though I keep my head in these books, I'm not a lame
Usually kinda square, I'm trying to use it for a change
Telling bitches things, like if wanna get with me you gon need a lot of brains

And just cause I don't play, who say I can't ball?
My nigga Mac, dude me and him is in the same hall
So don't get mad if I relax and get my bake on
Just promise that you'll try to catch me if my grades fall
