

Mount Kushmore

Snoop Dogg

Ayy ayy step back motherfucker, watch out!
La la la la la
We don't give a fuck
Ayy y'all niggas ain't fucking with us, nigga
La la la la la
Imma get it like this nigga

Yo I got the green, Don Juan
I'm in the hood, blow the horn, bom-bom
This pimpin' ain't for free, here's a coupon
My backwoods packs I turn to a futon
I got my eyes on seven figures
And I'mma get it whether I move crooked like Jack Thriller's
I'm shittin' on em, I smell like a winner
Don't hit the bathroom for like forty-forty-five minutes
Redman and we up in this bitch, huh
I never cruise, I work to be the top gun
And I'm a dog off the collar, the marijuana globe trotters
You's got bud, I holler

Ayo this one nigga that roll up that smoke
When I hit the weed spot, my pockets go broke
We high, we high, we high, we high (say it again)
Ayo this one nigga that roll up that smoke
When I hit the weed spot, my pockets go broke
We high, we high, we high, we high (say it again)

It's the four horsemen
Call for reinforcements
We ain't looking for endorsements
We absorb your portions

I ain't here to bring the East back (nah), I'm here to relapse
And now I'm outta rehab they ask me where the weed at
Go get a weed app (homie), I got that weed that have your P.O getting P.O, a
sk me where to pee at
My G, pack the streets of New York, I give em G-Rap
I'm kool, on the road to riches to get my G back
I'll be that, killer bees mind your beeswax
Past 10 o'clock when ya still don't know where your seat at
Ask big Snoop, it don't take a Crip to see that
Be real, what you read about Meth Man, believe that
I'm nice, I got no chill, go get a ski hat
In fact, put ya twitter on ice, chill with the feedback

From the days of Cheech and Chong, to Willie Nelson
Everywhere that I go, I blow fo sho, you smelled it
A lot of y'all fuckin' with me, sayin' I'm on your bucket list
But I ain't the one to be fuckin' with
See, I'm like a quick game of tic-tac-toe, take three in a row
Aye lil nigga, go'n hit that door
I'm back with my niggas Earth wind, no snow
And I got the fire on Mt. Kushmore
So let it rain like the leaves of a cannabis plant
When I say it, I mean it as a matter of fact
Well I outta, slip mo dick in your daughter, for starters
Leafs by Snoop, may I take your order?

Ayo this one nigga that roll up that smoke
When I hit the weed spot, my pockets go broke
We high, we high, we high, we high (say it again)
Ayo this one nigga that roll up that smoke
When I hit the weed spot, my pockets go broke
We high, we high, we high, we high (say it again)
