Batten Down The Hatch

Batten down the hatch Cause we're all coming in Like uninvited guests Romancing everything Keep your ahnds away From what you can't afford We don't think that we'll stay Now that you look bored God only knows What Brian Wilson meant Pick out your clothes With some real intent You don't seem to care That I've been waiting here Pulling out my hair For you to come My dear I'll go all the way As long as you go first Running all this way Has given me a thirst Believe in what you want As long as you can see What's right in front of you I guess that that's just me
