

Crack The Shutters

Snow Patrol

You cool your bedwarm hands down
On the broken radiator

When you lay them freezing on me
I mumble can you wake me later

But I don't really want you to stop
And you know it so it doesn't stop you

You run your hands from my neck
To my chest

Crack the shutters open wide
I want to bathe you in the light of day

And just watch you as the rays
Tangle around your face and body

I could sit here for hours
Finding new ways to be awed each minute

'Cause the daylight seems to want you
Just as much as I want you

Its been minutes Its been days,
I remember all I will remember

Happy lost in your hair
And the cold side of the pillow

Your hills and valleys
Are mapped by my intrepid fingers

And in a naked slumber
I dream all this again
