## **Crack The Shutters**

**Snow Patrol** 

You cool your bedwarm hands down On the broken radiator

When you lay them freezing on me I mumble can you wake me later

But I don't really want you to stop And you know it so it doesn't stop you

You run your hands from my neck To my chest

Crack the shutters open wide I want to bathe you in the light of day

And just watch you as the rays Tangle around your face and body

I could sit here for hours Finding new ways to be awed each minute

'Cause the daylight seems to want you Just as much as I want you

Its been minutes Its been days, I remember all I will remember

Happy lost in your hair And the cold side of the pillow

Your hills and valleys Are mapped by my intrepid fingers

And in a naked slumber I dream all this again
