

Give Me Strength

Snow Patrol

I choked back tears today because I can't begin to say how much
you've shaped this boy,
these last ten years or more.

My friends we've seen it all, triumphs to drunken falls and our
bones are broken still,
but our hearts are joined until,
time slips its tired hand into our tired hands we've years 'til
that day
and so much more to say.

You give the strength to me, a strength I never had, I was a mess
you see,
I'd lost the plot so bad, you dragged me up and out,
out of the darkest place, there's not a single doubt when I can
see your faces.

My friends we've seen it all, when it made no sense at all,
you dare to light my path and found the beauty in the aftermath
.

Let me hold you up like you held me up, it's too long to never
say this,
you must know I've always thought,

You give the strength to me, a strength I never had,
I was a mess you see, I'd lost the plot so bad,
you dragged me up and out, out of the darkest place,
there's not a single doubt when I can see your faces.

You give the strength to me, a strength I never had,
I was a mess you see, I'd lost the plot so bad,
you dragged me up and out, out of the darkest place,
there's not a single doubt when I can see your faces.
