

## Holy Cow

## Snow Patrol

You Holy Cow  
The telegraph pole knows where  
It knows where you live  
You Holy Cow  
I'll get it to take me there  
And shout abuse at your window  
1,2,3,4  
I can take no more  
You Holy Cow  
I'll stand out here all night  
Here on your front porch  
You Holy Cow  
I have no pride left to worry about
