

# The Last Shot Ringing In My Ears

Snow Patrol

Take her home  
Take her past this evening  
I'm not sure  
Sure if I believe you  
You carry a gun for fun  
You use it twice as easy  
I'm sure she is  
She is someone's daughter  
I didn't even feel that it was  
Wrapped around my head

I am coming down  
Coming down the next day  
She was beautiful  
The prettiest girl I've ever seen  
I saw everything  
Things I hoped I'd never see  
She got away from him  
Got on a plane this morning

I didn't even feel that it was  
Wrapped around my head

I didn't even feel that it was  
Wrapped around my head

I'm not sure what she's done  
I don't even want to think about it  
She made me in to this  
The state I'm in right now

I didn't even feel that it was  
Wrapped around my head
