

Ways & Means

Snow Patrol

Getting too busy to make amends
I should try to make it right
Are you ready for the shit to hit
I think you say you are but aren't
Doctor make it better instantly
You're the only one who can
I've waited here my whole damn life
And I've forgotten what I wanted
Maybe I can do it
If I put my back into it
I can leave you if I wanted
But there's nowhere else that I can go
Maybe I won't suffer
If I find a way to love here
I'd be lying to myself
But there is no way out that I can see
If I lied you'd know it instantly
So I just had to look away
All the honesty I've ever lost
I can't begin to even curse
I never knew the taste of blood till now
It's clear I never should have known
Breathing fire was never this much fun
So there's a dark side in us all
