

# 1 Time

Snow Tha Product

Man I got a call 'bout 11 o'clock  
So I had to step out and step in the garage  
And as I looked down and I checked who had called  
I had noticed it was you and I text you to stop  
I had to hit you with the "not now" with the "hold up"  
Even though you know I'm not down you like "so what"  
I'm looking at the bigger picture but you want a close up  
What we had is in the past now you wanna show up  
I remember what you put me through  
And I remember what you did when you did what you did back then  
Now you wanna come around like I'm supposed to be down  
Trying to fuck up everything and the situation I'm in  
Hold up

(2x):

Girl, I just wanna kick it 1 time  
I ain't worried 'bout your man, hell naw I don't mind  
What he don't know won't hurt him

I guess the saying is true when it pertain to you  
Cause you be missing what you have like it's a thing to do  
You left a dollar for a dime and now when things improve  
You wanna call me up, talking 'bout "I'm swinging through"  
And with them late night texts, talking all that mess  
Saying to give you one night cause you were my best  
Boy I don't really pay no mind to anything I've left  
It must be something that you're missing, but I digress  
I got a business meeting, no visiting  
You be trippin' and hitting me up  
Just to kick it and such  
Now you tryna chill in the cut  
Bet that isn't enough  
Hit you with the "mmm hold up"

[Hook] (x2) (2x):

Girl, I just wanna kick it 1 time  
I ain't worried 'bout your man, hell naw I don't mind  
What he don't know won't hurt him

All I need is one time with ya  
One more goodbye  
One last kiss, one last try  
He don't know you like I do girl  
He don't hold you like I do girl  
And to tell you the truth  
He ain't got enough money to handle you girl
