

## Bad Mornings

Snow Tha Product

So we just keep it movin', movin'  
Movin', movin', movin', movin'  
Hate it's the cheapest hobby you can have  
So we gonna make it to the top  
And keep makin' these haters mad  
Just keep it movin'

I'm a, just keep it moving, while I roll like this  
I got plenty of old friends that don't get dough like this  
So let me just pick up the phone and order 4 or 5 big  
Bottles to pop while we're on top and run the show like this  
I know I should have never brag but damn it feel too great  
That when they hated, I created more new songs they played  
And I just took this struggle and stride took day by day  
And now I'm coming up to the top and yep we came to stay  
I got these haters talkin' but I just seem to keep on movin'  
I'm just chillin', looking icy, keep it real and keep it cool  
And makin' money makin' moves, and living life with something to prove  
Cause life's a teacher, I'm the student  
I'm just learning what I'm doing and ain't really much to do  
But give me the best in the world  
They say that life's a bitch  
I hope that bitch like Mexican girls and hey  
Just give me the best in the world  
They say that life's a bitch  
I hope that bitches like Mexican girls

So we just keep it movin', movin'  
Movin', movin', movin', movin'  
Hate it's the cheapest hobby you can have  
So we gonna make it to the top  
And keep makin' these haters mad  
Just keep it movin'

It's hard coming in the game, when you hop in the beat  
The weakest said, so instead of simply being happy for me  
You just some haters that my privacy need  
Back to the streets, and back to struggling for money  
And back to having cds  
Up in my back pack and sellin' em, pitchin' em  
One by one, they want me to back track to when I was struggling selling none  
I used to wish that I could live it up tourin' and havin' fun  
I want mom to top floor and got my haters lookin' up  
Cause they wanna bring me down but my team and I moving  
We're sippin' on a 40 edition with my crew  
We keep it movin', oh yeah we keep it movin'  
I got my product pushas' back because I know they got mine  
I always chop it up with them, but these haters get no time  
I got these kids are down for me, so I don't care about co signs  
Cause co signs are for bad credit  
My credit is just fine

So we just keep it movin', movin'  
Movin', movin', movin', movin'  
Hate it's the cheapest hobby you can have

So we gonna make it to the top  
And keep makin' these haters mad  
Just keep it movin'
