

Hot mama from California
The senorita, the reason these whores be up
Pull me up, drink in a 40 up
45, 40 ounces in 40 cups
Good nights, motherfucker, bad mornings, huh
Good kush bad bitch is the formula
Course we up, everybody on Morpheus
Smoking till we get cataracts in our corneas
I'm in fact working it, back to cash getting
I relax for a minute, back to fast living
I've been acting and we have to crash in it
'Cause this rap shit is in me, have to have work

And it's all black, everything down to the socks
Killing me with evidence, motherfucker cop, cop
Hit 'em like mary jane, I don't need a wedding ring
OJ's out, yeah, I'm married to the block

Tryina get to this function
I'm just tryina get shots
Come from nothing to something
Repping Cali like pot
Steppin' at it, we stuntin'
You have to do what y'all want
Ain't no need to be frontin'
'Cause it's all about that
'Cause it's all about that
'Cause it's all about that
'Cause it's all about that
California love

Killing Cali in a caddy
Stand whole shark in the central valley
Haters gonna get but no one giving at me
No black bandanas in a blacken alley
And these haters all pop but my clock tic tac
Haters all watch but I'm 'bout to go off
Snow go hard wrist, froze like a rock
Got a black mac tan with my mac lip gloss
Got good kush and the weather is gorgeous
Ended up like you know what work is
Hell yeah, bitch, I don't work I rob this
And I still rock a beamy and a hoodie in vortex

And it's all black, everything down to the socks
Killing me with evidence, motherfucker cop, cop
Hit 'em like mary jane, I don't need a wedding ring
OJ's out, yeah, I'm married to the block

Tryina get to this function
I'm just tryina get shots
Come from nothing to something
Repping Cali like pot
Steppin' at it, we stuntin'
You have to do what y'all want
Ain't no need to be frontin'
'Cause it's all about that

'Cause it's all about that
'Cause it's all about that
'Cause it's all about that
California love

California love
