## Snow Tha Product

Yeah yeah yeah he used to be a player  
Used to say he's getting that paper  
And he used to call my friends haters  
Cause they told me he was unfaithful  
Yeah, he used to say he work late but  
Then, all them lies that he made up  
Really wasn't shit when I caught him with a chick  
Then I had to cut em off like a razor  
Now I only care about my riches  
Got my, got my M with them sixes  
Cut my hair and got six inch heels  
Get killed when I hit that switching  
Now he talking about that he misses  
Says he really wanna make his misses  
Now he said he really wanna make me his Mrs  
He said he stopped with them bitches  
I said boy that ain't none of my business

Got my ex-es saying damn it  
Miss-missing what they had  
Now they begging for me back  
And Imma fucking take advantage  
Saying damn it, damn it  
I got my ex-es saying damn it, damn it  
I got my ex-es saying damn it, damn it, damn it  
Damn it, damn it, damn it, damn it

He used to act like he was pimping  
Brag about bitches he been with  
Used to talk that mess about he winning  
Used to drive around in that Lincoln  
Now he got some stupid girl pregnant  
Got himself two dependents  
At his momma's house with no credit  
He's all bad and got 2 infants  
Meanwhile I been getting my cheese up  
Swiping Debit and Visas  
Mind my business and I re'd up  
That little thing got a little bit of G's up  
In my piggy bank & getting hella features  
And in my aide in a beast cut  
And ain't no telling when you fucking with a felon  
Who been dealing with a whole lot of believers

Got my ex-es saying damn it  
Miss-missing what they had  
Now they begging for me back  
And Imma fucking take advantage  
Saying damn it, damn it  
I got my ex-es saying damn it, damn it  
I got my ex-es saying damn it, damn it, damn it  
Damn it, damn it, damn it, damn it

This guy that I used to date  
Used to act like everything gray  
But he used to fuck with girls like all day  
Then he left me for some ho around the way  
But to say in goes, the players get played  
Girl fucked his bro and gave his ass shade  
Boy he beat her ass and called her gay  
And then he just so happens to call me the other day  
See now he calling me something crazy  
Been bout me having this baby  
Said he swear thinking about me lately  
I'm like damn that girl gave you shady  
Cause you broke now, you got no style  
And she left you with no car  
Meanwhile I've been coming up in the game  
And then shit change, you're a bum and I'm a star

Got my ex-es saying damn it  
Miss-missing what they had  
Now they begging for me back
