

Got me this far

Snow Tha Product

Look, I put it on mine
I own everything you see me in
I got twice your advance, guess that makes you intermediate
Bitches out here flexing, I guess they ain't eat they Wheaties yet
But bitch I'm so good, they tryna find out the ingredients
A little dash of ghetto with a couple cups of lean
Sweet like amaretto, gutter like a glass of Henn
Little Prada like the devil, but I swear you'll never see
Your bitch on a higher level, that's really kept it this G

Everyday I hear shit about how I gotta change
How I gotta adapt to the game
Ay, I know I'm stubborn, stuck I'm my ways
I called shots and that is not gonna change cause

That's what got me this far
That's what got me this far
That's what got me this...
That's what got me this far
That's what got me this far
That's what got me this...
That's what got me this far
That's what got me this far
That's what got me this...
That's what got me this far
That's what got me this far
That's what got me this...

That's what got me this...

All by myself, just me and my ADD
Who'da known when I was 5 I'd get paid off my ABC's
But it's rap, I'm in a lane that ain't nobody pave for me
So this road been hellas dirty, but Mexicans made to clean
So I've been in, making it hellas sweet but I hear you talking shit
So what I bring to the table, I'm a eat and wash my dish
I'm humble and talk my shit cause nobody gave me a map
When I get to where I'm going, fuck you, I ain't going back
Cause every man in my career say my attitude is bad
Cause I'm skeptical, I question anything I fucking ask
So why would anyone get mad, if I was a man I'd be a boss
Cause I wanna know what's out there, every win and every loss
Every expense and every cost and every pinch and every drop
Cause everything I've ever brought
I brought the team, I swear to God
If I was doing this for me, I'd ease up a bit
But I got many more to feed, this shit's for us, ya bitch

That's what got me this far
That's what got me this far
That's what got me this...
That's what got me this far
That's what got me this far
That's what got me this...
That's what got me this far
That's what got me this far
That's what got me this...

That's what got me this far
That's what got me this far
That's what got me this...

That's what got me this...
