The baddest bitch is Latin
Then-then-then I yell what's happening?
Got imported money stacking
Boy-boy-boy I break that cash

And Snow Tha-Snow Tha Product gassing
Maxing and relaxing
We tweeting, putting hoes on blast and
Get your seat-belt fastened

Cause I'm taking off, haters gone
Get up on your fucking job
I've paid it off, paid the cut
Yep I'm the fucking boss

Now I'm waiting on, danger calls
Haters finishing that dollar
I wake em up, crazy cause
I've been saying I go hard

How bout that Latin chick swag
Cause Latin chicks bad
And yeah your bitch mad
Cause all this Latin chick cash

Where these rapping chicks at?
Cause I be speaking Spanish
And a chick that speak two languages
[?]

And man he love that shit
He call me on the daily
I told him I don't want him
Run to you and I got babies

I got plenty I can choose from
Anyone would date me
Because girls ain't found a better one
Imported like Mercedes

Swagging through the roof
And there ain't shit that you can tell me
I got-I got that juice

And please don't hit me on my celly
You ain't talking loo
Cause I'm now drumming now flakaveli
And I'm crunk up off that goose

And you know I'm walking extra confident
Long haired shawty
I promise you that I'm positive
You come up short like ponies

If you talking bout some nonsense
Then I don't care brody
I'm a shark up in this water and
You're just a kid in floaties

Bitch I bet you kinda get that
This is Mexicana business
I can bet you wanna get up
On my tip and I can dig it

I'm the proudest fucking Latin chick
Just make the call and witness
I ain't ever ever lie
I put on for all my women

And yeah my skin fair
Lipstick red and dark hair
When I got so much to swag
From all that Cali air

Run the throne it's my chair
Long hair like Cher don't care
