Man I used to pray for this  
Got bullshitted and played for this  
Never thirsty for famous shit  
But I wanna buy mami a crazy crib  
Finally get paid for shit  
I been doing "for free" for long  
I would get up before dawn  
Man I had like 3, 4 jobs  
And it showed me I, gonna need time  
Gonna work hard, but I'll be fine  
Gonna go far, never rewind  
Snow gonna get payed for these lines  
Bitch I'm dope, and I'm gonna let these haters know  
Uh, look

Yeahhhh, cause I done came up off rap  
Straight rags to riches  
85 Cadillac, man this shit switchin  
But the only thing the same is how I feel  
All these things done changed but we still real

Ya'll ain't gotta ask already know what I'm about

With all the crew that I run with now  
We went through broke days and got no pay  
Tell Atlantic to budget out  
A couple folks on my payroll  
We been woke, ya'll just ain't know  
It's been more than flow, it's been more than clothes  
It's more than just Snow, this shit about hope  
Cause you said that hard work pays  
So we worked all night, all day  
And you said all work, no play  
And we listened, now the shit changed  
Now they say the game about luck  
Now they trynna tell me I'm stuck?  
Now you trynna have me go back to the fans I earned tell them I fucked up? F  
uck no  
Before we get cut, we get cut throat  
Cause I'm keepin up with these uploads  
As long as we been us, people loved, us for us so we keeping it hondo  
Cause I bought my dad's dream car and I'm lane switchin'
