

# Down In The Morgue

## Snow White's Poison Bite

I think it's dark down here...  
Let's go down, go down to the morgue, yeah!  
Let's go down, go down.  
Let's go down, go down to the morgue, yeah!  
Let's go down, go down.

Let's go down, go down to the morgue, yeah!  
Let's go down, go down.  
Let's go down, go down to the morgue, yeah!  
Let's go down, go down.

Go!!!

Plastic surgery in the doctor's chair!  
The scalpels cutting everywhere  
More motherfucking morphine in her veins, now pray!  
Shut your mouth the nurse don't care!  
More botox keeps your lips sealed, now darling don't be scared!  
I think the blood just spattered, now it's everywhere  
She spilled and puked her guts out but I don't care!  
The body bags zip has just got stuck.

Let's go down, go down to the morgue, yeah!  
Let's go down, go down.  
Let's go down, go down to the morgue  
And spill out some mortician's blood

Let's go down, go down to the morgue, yeah!  
Let's go down, go down.  
Let's go down, go down to the morgue  
And spill out some mortician's blood!

Plastic surgery in the doctor's chair  
The scalpels cutting everywhere!  
More motherfucking morphine in her veins now pray  
Shut your mouth, shut your mouth the nurse don't care!  
More botox keeps your lips sealed, now darling don't be scared!  
I think the blood just spattered, now it's everywhere  
She spilled and puked her guts out but I don't care!

So throw her in the morgue right now!

Let's go!!!

Let's go down, go down to the morgue, yeah!  
Let's go down, go down.  
Let's go down, go down to the morgue, yeah!  
Let's go down, go down.
