

Glitter and Sparkle

Snow White's Poison Bite

One, two, three
Let's Go!

Drama fills your life again
A broken ribcage it's the end
A heart to mend
is never meant to be this hard

Your in a tragedy
A drama scene
It's meant to be
the end of all
the tragedy of broken hearts

Heart break can
fix the sweetest love
Has butterflies sparkle magical dust

A beast turns to beauty
Beauty's a beast
When the glitter is lost!

Let me just (4x)

Your over dramatic
And over the worst
Your over the top by
hurting yourself like this

Your Over dramatic
And over the worst
You're over the top by
hurting yourself like this
By hurting yourself like this

Yourself destruction
Just ain't worth it

This tragedy will never end
A broken heart is this the end
A heart to mend
is never meant to be this hard

Your in a tragedy
A drama scene
It's meant to be
the end of all
the tragedy of broken hearts

Heart break can
fix the sweetest love
Has butterflies sparkle magical dust

A beast turns to beauty
Beauty's a beast
When the glitter is lost!

Come On!

Your over dramatic
and over the worst
You're over the top by
hurting yourself like this

Your over dramatic
And over the worst
You're over the top by
hurting yourself like this
By hurting yourself like this

Yourself destruction
Just ain't worth it

One more time
Here we go again!
