

Kristy Killings

Snow White's Poison Bite

She hates him
For what he did to her
So kill kill i know you will
Take him to his grave you'll make him pay
She loved him
He'll get what he deserves
So kill kill i know you will
Get revenge you'll take him to his grave

Hollywood made a killing machine
She's like a teenage slaughter movie scene
A serial killer celebrity
Now stop

Kristy let's go
Let's start the killing
Kristy let's go
Let's end the living

You'll kill him
With a sharp blade through his chest
You will will i know you will
Take his life one last breath ends the day
She loved him
He'll get what he deserves
So kill kill i know you will
Get revenge you'll take him to his grave
