

Let's Get Dead With The Living Dead

Snow White's Poison Bite

GO!

Trigger happy shotgun sinner
Hanging from a rope I hope you choke
You're my target practice at the shooting range
But I will not shoot my gun before I have a good aim
Let's lock 'n' load!
Let's shoot to kill!
I'm a zombie killer and you know I will
Take you to the cemetery 'cause the morgue is filled
Now I'm in the graveyard with the living dead
I think I shot a bullet straight through her brains
With automatic weapons you can never miss a headshot

Let's get dead with the living dead
Yeah, let's get dead with the living dead now
You're so dead and I'm so dead
We're all so dead with the living dead

She's a dead corpse mortician killer
Another body snatching graveyard digger
Operating in the morgue let's spill some blood
Your guts are on the table and I love you
When you're so dead
Lock 'n' load!
Let's shoot to kill!
I'm a zombie killer and you know I will
Take you to the cemetery 'cause the morgue is filled
Now I'm in the graveyard with the living dead
I think I shot a bullet straight through her brains
With automatic weapons you can never miss a headshot

Get dead with the living dead!
Get dead with the living dead!

Oh!
GET DEAD WITH THE LIVING DEAD!
GET DEAD WITH THE LIVING DEAD!
GET DEAD WITH THE LIVING DEAD!
GET DEAD WITH THE LIVING DEAD!

Let's get dead with the living dead!
Yeah, let's get dead with the living dead now
You're so dead and I'm so dead
We're all so dead with the living dead

The living dead is walking among us
Thousands of rotting corpses
Feeding from the flesh of the living

RUN!

Let's get dead with the living dead!
Yeah, let's get dead with the living dead now
You're so dead and I'm so dead
We're all so dead with the living dead

Let's get dead with the living dead!
Yeah, let's get dead with the living dead now
Your so dead and I'm so dead
We're all so dead with the living dead

GO!

We all know you're dead!
