

She's a Trendy Designer on Her Wrists

Snow White's Poison Bite

Come on!
There's nothing nothing baby
For second place
There's no way that she's in last place
Don't go to the bathroom
Wait baby, baby
This is why....

Bring in the life support machine
Cause her last cry for help has unleashed torture
Bring in the life support machine
Cause her last cry for help has unleashed torture
Bring in the life support machine
Cause her last cry for help has, UNLEASHED TORTURE

Nine millimeter bullet through her chest,
Suicidal cuts slashed through her face believe me
equals a waste of death
Nine millimeter bullet through her chest,
Suicidal cuts slashed through her face believe me
equals a waste of death

Save me the last dance for the prom queen,
'Cause this girl's a trendy designer, on her, WRIST!

SHE'S A TRENDY DESIGNER ON HER WRISTS
