

# The End Of Prom Night

## Snow White's Poison Bite

It's the end, it's the end of prom night.  
It's the end, it's the end, it's the end.  
You're not gonna be the home coming queen tonight!  
Let's go!

It's prom night 6 P.M,  
She's waiting for her date to pick her up in a fancy car.  
The captain of the football team feels like the dream.

It's time to dance, dance, dance,  
But she has lost her chance.  
Because this guy is so mean,  
She won't be home coming queen tonight.

Oh my God, she cried!  
No chance to dance, dance, dance,  
The party's over and she has  
Lost her chance to be seen as the next beauty queen tonight.

It's the end, it's the end of prom night,  
It's the end.  
She's not in the high lights but she's in the dark,  
She's not a queen, she's so torn apart.

Because I think it's too late to get dressed up and shake  
Your beautiful body like that.  
And dance, dance, dance  
To the rhythm of the high school party's beat.

Go!

It's time to dance, dance, dance,  
She hates this guy he has  
Gone and messed up her dream  
She won't be home coming queen tonight.

Oh my God, this guy!  
No chance to dance, dance, dance,  
The party's over and she has  
Lost her chance to be seen as the next beauty queen tonight.

She wants to dance!  
It's the end of her prom night,  
She said she's so sad she wants to have one last dance.  
And she's depressed to be dressed up with a look to kill you,  
She's got broken high heel shoes.

She wants to dance!
