

## Dollar Divided

Snowmine

Oooooohhhh

It's just like you avoiding every word

Oooooohhhh

You cross the street you saw someone you know.

And know just what that's like.

Oooooohhhh

You could not know it happens every day

Oooooohhhh

You'd stop yourself and pray inside your home

If I mentioned you were not alone.

Your dollar's divided.

I'm on glorious islands.

Presumptuous wanting

Makes sumptuous wants.

You're right on time

For the dwindling goose

Whose good time's bad

and who's justly obtuse.

Avoiding these languages

That I may love you,

You'll figure out where ???

Nothing can choose.

To you, so long to use.

To you, so long to use.

Inverness?

Leaving me tasked without exit

And dangers

Remorseless? by ???

Oooooohhhh

It's like you avoiding every word

Oooooohhhh

You'd stop yourself and pray inside your home

If I mentioned you were not alone

If I mentioned you were not alone

If I mentioned you were not alone

If I mentioned you were not alone
