

Save Yourself

So They Say

What the hell are dreams anyways?
Mysteries, incredible body hocus-pocus
Truth is, we still don't know what they are
or where they come from?

I know why I asked you to remember what they said to us
'Cause when I try to run I just shake
I just shake

Don't replace my words with softly spoken phrases
To cover my bruises and cuts
Bruises and cuts

But as soon as I get out of this place
I'll do my best to keep you safe
But if I don't make it out
Please read this and save yourself
(2x)

I can't catch my breath for long enough to stand up to fight
In a sense we all die
We all die

Everyone's a victim and I am the suspect
The verdict is in and it's all my fault

But as soon as I get out of this place
I'll do my best to keep you safe
But if I don't make it out
Please read this and save yourself
