

## Save Yourself

## So They Say

What the hell are dreams anyways?  
Mysteries, incredible body hocus-pocus  
Truth is, we still don't know what they are  
or where they come from?

I know why I asked you to remember what they said to us  
'Cause when I try to run I just shake  
I just shake

Don't replace my words with softly spoken phrases  
To cover my bruises and cuts  
Bruises and cuts

But as soon as I get out of this place  
I'll do my best to keep you safe  
But if I don't make it out  
Please read this and save yourself  
(2x)

I can't catch my breath for long enough to stand up to fight  
In a sense we all die  
We all die

Everyone's a victim and I am the suspect  
The verdict is in and it's all my fault

But as soon as I get out of this place  
I'll do my best to keep you safe  
But if I don't make it out  
Please read this and save yourself  
(5x)
