What the hell are dreams anyways?
Mysteries, incredible body hocus-pocus
Truth is, we still don't know what they are
or where they come from?

I know why I asked you to remember what they said to us 'Cause when I try to run I just shake
I just shake

Don't replace my words with softly spoken phrases To cover my bruises and cuts Bruises and cuts

But as soon as I get out of this place I'll do my best to keep you safe
But if I don't make it out
Please read this and save yourself
(2x)

I can't catch my breath for long enough to stand up to fight In a sense we all die We all die

Everyone's a victim and I am the suspect The verdict is in and it's all my fault

But as soon as I get out of this place I'll do my best to keep you safe But if I don't make it out Please read this and save yourself (5x)
