

# Wake Me Up

## So They Say

I feel like I'm at the top of my game  
Karma just snitched and I got the blame  
I lost control of my arms and legs  
You may have the candle but I have the flame

I never used to feel so sick and tired  
I remember when we used to stay high for hours

One minute it's here and then it's gone

Will somebody wake up?  
Will somebody wake up?  
Will somebody wake me up?

Will someone please wake me up?  
Will somebody wake up?  
Will somebody wake me up?

Monkey see, monkey do, now you're all alone  
We're killing ourselves in vain and moving slow  
So stop me if I sound too predictable  
Misery's a mask that's worn by most

I never used to feel so sick and tired  
I remember when we used to stay high for hours

One minute it's here and then it's gone

Will somebody wake up?  
Will somebody wake up?  
Will somebody wake me up?

Will someone please wake me up?  
Will somebody wake up?  
Will somebody wake me up?

I feel my eyes get heavy  
I think they've turned to stone  
Can't I just keep them closed  
Can't I just keep them closed

I've read this book a thousand times to you  
I've heard a million lullabies  
But this one's true, it's true  
A chemical reaction that I call passion  
Is a prison built for two

Will somebody wake up?  
Will somebody wake up?  
Will somebody wake me up?

Will someone please wake me up?  
Will somebody wake up?  
Will somebody wake me up?
