

# Don't Take Me for Granted

Social Distortion

I'm your worn in leather jacket  
I'm the volume in your fucked up teenage band  
A bag of smokes and a six pack  
I'm the dreams you had walking down the railroad tracks  
You and Me.

I'm your first taste of romance  
I'm your first broken heart on a Saturday night  
Guys like us ain't got no chance  
But I'm the thing that keeps you and me alive  
But not forever

So take me down the road  
take me to the show  
its something to believe in  
that no one else knows  
but don't take me for granted

I'm the blood on your guitar  
I'm that wave you caught back in 1975  
I'm as strong as a thousand armies  
I'm as soft as petal on a long stem rose  
I am love

So take me down the road  
take me to the show  
its something to believe in  
that no one else knows  
but don't take me for granted

I'm with you when you're born  
You can take me when you die  
With all the reasons why  
But don't take me for granted
