

## This Time Darlin'

### Social Distortion

As I'm looking back on broken  
Down dreams heartbreaks and  
Memories that I've had. I made it  
Through the hard times and came  
Back a stronger man but this time  
Darling it's just not the same  
Down the lonely stairs with a  
Suitcase in my hand misery can be  
A heavy load.

I've made it through the hard  
Times and in pain I made it back  
But this time darling it's just not  
The same

In the morning I was lonely but  
Never bothered to cry never even  
Stopped to wonder why leaving  
Was just another part of the  
Game but this time darling it's  
Just not the same

In the morning I was lonely but  
Never bothered to cry never even  
Stopped to wonder why leaving  
Was just another part of the  
Game but this time darling it's  
Just not the same

As I'm looking back on broken  
Down dreams heartbreaks and  
Memories that I've had. I made it  
Through the hard times and came  
Back a stronger man but this time  
Darling it's just not the same

This time darling it's just not the same  
This time darling it's just not the same
