Social Distortion

I'm heading down
A lonely highway
I'm running down
A one-way street
Well, I wanna know
Are you going my way?
Is there some place quiet
Where we can meet
And friends they come
And friends they go
But you were always by my side
And where it all ends
Well, I don't know
Don't cry no more, just hold on tight

There was a time
When I was desperate
Living in a town
Without a name
And when things got
So dark and desolate
You taught me how
To hide my shame

And kings and queens
And millionaires
May never know
What I have known
And thank the stars
I'm the lucky one
Thanks for the lessons
That I have been shown

I feel rich
I feel power
And security
And when I'm weak
You are strong
Once in a lifetime, twice
In eternity and guess what?
Nothing else
Matters anyway

I feel rich
I feel power
And security
And when I'm weak
You are strong
Once in a lifetime, twice
In eternity and guess what?
Nothing else
Matters anyway
