

# Ashes to Ashes

Sodom

The shadows of hell curse your life  
And no more time to pray  
The reason for your destiny  
When mighty Satans claw awaits

Ashes to Ashes  
Ashes and Dust to Dust

Glaring eyes are watching you  
Destruction is your inner fate  
Storming rain from hateful skies  
Before the angry sun will rise

Ashes to Ashes  
Ashes to Ashes  
And Dust to Dust

Your flesh is put on serpent fire  
Your soul for them to feed  
Awful painful death desire  
Blinded by deceit  
Prophecy, eternity  
Time is running out  
Inhuman black reality  
Ripping off your heart  
Ripping off your heart  
Ripping off your heart

Ashes to Ashes  
Ashes and Dust to Dust

You'll be gone into the past  
Welcome to your end  
Hallowed by your sacred name  
Possessed by evils depth

Ashes to Ashes  
Ashes to Ashes  
And Dust to Dust  
Ashes to Ashes  
Ashes and Dust to Dust

Raised upon the silent grave  
For thousand Years to dwell  
Revealed the fire from abyss  
Across the haunted fields

Ashes to Ashes  
Ashes and Dust to Dust
