

## Cowardice

Sodom

I detest the awful day when you was born  
Your mind, your soul genetically deformed  
The nature struck back with a fatal mistake  
In witness whereof what hell can create

The darkside of the mocking curse  
Fervent love your pet averse  
Thousands blugeoned lifes  
Dastardly cowardice

Cowardice - a freezing touch  
Cowardice - bloody embrace

Innocent blood adorns your raping hands  
Importunity and lewdness systematically planned  
Predominant signs that we have to demoan  
Are deeply engraved in yourself to go on

The darkside of the mocking curse  
Fervent love your pet averse  
Thousands blugeoned lifes  
Dastardly cowardice

Cowardice - a freezing touch  
Cowardice - bloody embrace

The crunch of the dawn  
Victims were found  
Salvation in their eyes  
Instinctive urge  
Tremendous search  
Deranged and Paralyzed  
Virginal flesh  
Summon the death  
Perception really numb  
A horrible man  
The beautiful maid  
And then your purge is done

Dewey eyed trusting and kissing the rods  
Offering hands to the snapping dogs  
Praying for god everyday for his scorn  
Why didn't your mother get killed before?

The darkside of the mocking curse  
Fervent love your pet averse  
Thousands blugeoned lifes  
Dastardly cowardice

Cowardice - a freezing touch  
Cowardice - bloody embrace

Why didn't your mother get killed before?
