

# Gomorrah

## Sodom

Precursors of the menace  
Admonition of the death  
Obscurity and secret force  
What are these symbols standing for?

Gomorrah, mother of harlotry  
Gomorrah, ascendancy forever

An insidious looking creature  
Beneath the frantic fault  
Ready to be delivered  
The son of our lord

Gomorrah, abomination of the earth  
Gomorrah, wrath and fornication

He is crying with a resentful voice  
Like a roaring lion  
Sin city will burn he has no choice  
They have to pay the price

Gomorrah, noisome grievous sore  
Gomorrah, judgement of the whore

And their dead bodies  
Shall lie in the streets  
Where also our lord  
Was crucified and killed

Gomorrah, downfall is near  
Gomorrah, they didn't realise  
Gomorrah, they have to disappear  
Gomorrah, blessed are the dead
