

# In Retribution

Sodom

I have faced the war too many times  
Just saw an endless void  
Evil was delivered by a claw  
When I inhaled the mighty ghost  
Life and death long written down  
Unwilling to copulate  
When demons answered to my call  
I was conceived by fiendish pain

Here I am  
In a shadowland  
Here I am  
In retribution  
Within my world that I despise

My body is taller than my soul  
The helping hand is out of reach  
Laying visions on the grave  
An occult urge to feed  
My ragged wounds are rubbed with salt  
Agitation behind the eyes of faith  
Barbed wire holds me tight  
Insanity that keeps me sane

Here I am  
In a shadowland  
Here I am  
In retribution  
Within my world that I despise

Upon a stake of fear I rest  
Flesh returns to earth  
With wide open eyes I raise the dead  
Waiting for release

God's commandments disobeyed  
Signed with kosher blood  
Silence has been broken  
The path of hell is what you chose  
Don't mutilate my body  
Don't shoot me full of holes  
Death retakes the storm of life  
Impenetrable soul

Here I am  
In a shadowland  
Here I am  
In retribution  
Here I am  
In a shadowland  
Here I am  
In retribution  
Within my world that I despise
